Hazrat Mirza Masroor Ahmad (atba)

The Islamic way of celebrating the New Year

Friday sermon was delivered on the 30th December 2016
by Khalifatul Masih V (May Allah be his Helper)

December 31st is the last day of the previous year and January 1st is celebrated as a start of the New Year.
Thus, the last year is concluded and the New Year is started with such immoral worldly activities.

The majesty of a true believer is not only to express despair over such worldly activities but also to conduct a self-audit and evaluate the year that has passed.

What have we earned and lost through this year? Will the true believer evaluate the year through a worldly lens or will it be through religious and spiritual perspective?

If the weaknesses still prevail and the self-evaluation does not give us peace then we should pray to Allah that the coming year may not be the one that would show us a reduction in spiritual enhancement. Instead our every step should be to gain the pleasure of Allah.

Our everyday should be reflective of the good model of the Holy Prophet (Peace be Upon Him).

Then we need to ask ourselves that have we offered the Tahajud prayer?
Holy Prophet (Peace be Upon Him) said that try to develop regularity in the Tahajud prayer as it is an act of the pious and the virtuous.

This will help you gain Allah's love.

As it is one of the main commandments from Allah and is a way to get the prayers heard.

[In 1904] when he was informed of the Magistrate's design [to rule against the Promised Messiah a.s.], he was indisposed and was lying in bed. As soon as he heard of this design he got up, and said majestically: "Let him lay his hand on the Lion of God, and see the consequences."

SOME DIRECTIVES ON SOCIAL MEDIA CAMPAIGNS

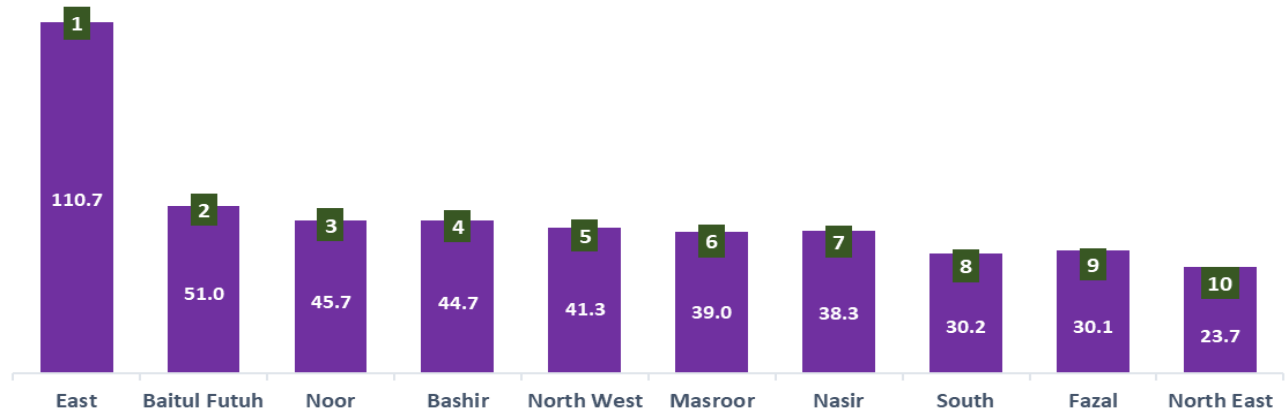

During the meeting, the Qaid Tabligh, responsible for outreach work, mentioned that some members of Majlis Ansarullah were not engaging in outreach work on social media because of fear that people will curse the Founder of the Ahmadiyya Muslim Community when they are engaged on social media.

HAZRAT MIRZA MASROOR AHMAD SAID:

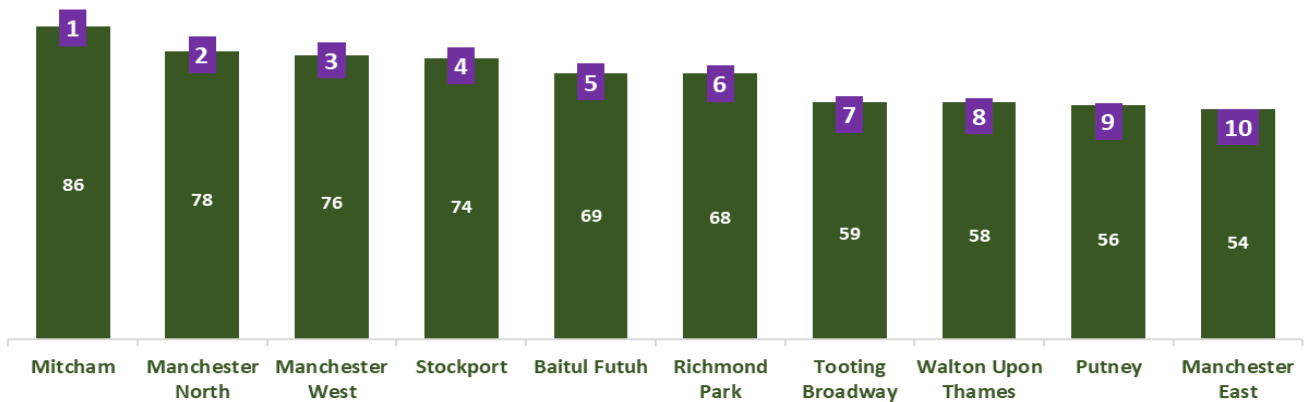

“Even if one person is guided to the right path then you have achieved your purpose. So, you should not stop doing Tabligh because of this (fear). There are quite a number of people who have been cursing us all the time from morning to evening. If you go to Pakistan, you can hear only filthy words and curses from the non-Ahmadi mosques against Ahmadi Muslims. So, should we stop doing work because of that? So, this is not a valid excuse... We don't know how long this Covid pandemic will remain. So, we cannot stop our work because of this. We have to explore new ways and means to spread our message.”
