## TABLĪGH GUIDANCE

### THE FIFTH KHALIFA, HIS HOLINESS, HAZRAT MIRZA MASROOR AHMAD (ABA)

Huzoor<sup>(aba)</sup> stated that the mullahs have painted a very horrible picture of Islam in the world. When the local people will see that you are different kind of Muslims there will be a positive image created in their minds. Huzoor<sup>(aba)</sup> advised that the members should establish personal relationships with the local people, especially with the old people, who are often lonely and abandoned by their relatives. If we spend time with them and help them, give them gifts, invite them to our homes, some of their younger relatives may also be attracted to you. This way your circle of influence will increase and it will become easier to spread the message of Islam.

Huzoor<sup>(aba)</sup> stated that it has been the practice that Jama'ats spend a day or a week as 'Tabligh Day' and distribute pamphlets. This practice is O.K. to a certain extent but cannot be relied upon to do justice to the task of preaching. Huzoor<sup>(aba)</sup> stated that unless we establish and maintain contacts with those who were given the leaflets, this practice is tantamount to waste of money. Those who are interested should be given information on a continuous basis. Also, to rectify the negative impression created by the mullahs, it is important to convey the true message of Islam in the Promised Messiah's words. Huzoor<sup>(aba)</sup> stated that it is important to maintain a continuous flow of information in order to nurture the seeds of truth.
