QIADAT TABLIGH

In a powerful defence of Islam and religion itself, His Holiness stated that atheism and Godlessness were the real threat to Western heritage and civilisation and they were leading to centuries-old customs and values being suddenly abandoned without pause for thought.

Atheism

“ In Western countries, whenever a census is conducted it shows that people are less and less inclined towards religion or belief in God. Given this, I believe that the rapid increase of atheism is a far greater threat to Western culture than Islam. ”

The Promised Messiah – Hazrat Mirza Ghulam Ahmad (as)

The advent of the Promised Messiah^(as) was prophesized by the Holy Prophet(sa) himself. According to a tradition, the Holy Prophet^(sa) was sitting among his companions, two verses from Surah al Jum'uah were revealed:

“He it is Who has raised among the unlettered people a Messenger from among themselves who recites unto them His Signs, and purifies them, and teaches them the Book and Wisdom though before that they were in manifest error; And He will raise him among others of them who have not yet joined them. He is the Mighty, the Wise.” (62:3-4)

Every man included in this group of Ansarullah should try with his purest heart to make Islam stronger and be a faithful follower of Ahmadiyyat. And in order to try to make Islam stronger cannot merely happen with one's strength and knowledge.

All other pillars of Islam are conditional, but salat is not; it is obligatory in all conditions. All are performed once during the year, but salat is performed daily at five different times.
 Hazrat Mirza Masroor Ahmed (aa)

Reminder

The Promised Messiah (as) said that interest in salat is attained through the blessings of God, therefore the first prayer to be offered is this: O Lord, inculcate in me this desire for prayer.
